

August 10, 2020

Dear PCK Sports Families,

The new year is upon us, as well as various changes within the Athletic Department. I first wanted to take the time to introduce myself as I will be taking over as Athletic Director for PCK. I am also a part of the Physical Education team here at PCK, and I coached the 2020 Girls Basketball SMAC League Champions for PCK this past year! I also wanted to inform you of the many changes for this fall season because it will be different in comparison to the prior program due to Covid19. My goal will be to keep parents in the loop as much as possible because I know that change can be difficult. Know that your student's health and well being is my number one priority.

The PCK athletic department has decided to follow CHSAA guidelines with regards to fall sports, and will go ahead and move boys soccer and girls volleyball to the spring season. Girls soccer will also be held in the spring, as usual. It will make for a busy spring, but at least the kids will be allowed to play! As of this moment, the PCK athletic department will go forward with the planning and coordinating of coed cross country for 6th - 8th grades. The PCK cross country coach is Haley Beaumont, who is also a teacher here at PCK and ran track and cross country in college. There will be no try-outs for fall coed cross country and practice will begin on Tuesday, August 25th at 3:30 pm on the PCK turf. There will be more information about coed cross country and the COVID19 guidelines to safe participation on the website and flyers around school.

Again, this is an informational letter about the upcoming fall seasons, please check the PCK website for more information. I am excited for this year and to be able to help guide your student athlete into success! Thank you for your time, and if you have any questions please feel free to contact me directly!

Sincerely,

Heather Brownell
