

2016-2017 ENRICHMENT PROGRAMS AT PARKER CORE KNOWLEDGE

PROGRAM DESCRIPTION:

Coming Fall 2016: Seek, Find, Solve!

Join Mad Science on a scientific journey as we seek answers, find evidence and solve problems in this engaging and hands-on enrichment program! Learn about the techniques investigators use to analyze crime scene evidence, and see if you can solve a “whodunnit?” of your own! Investigate simple machines, mechanics and the role that they play in our everyday lives. Identify the structures of atoms, molecules and more! Experiment with pH, acids, and bases through a series of engaging, inquiry-based experiments and exciting demonstrations! Grab your labcoat and pack your bags, this is one adventure aspiring scientists don’t want to miss!

Classes are held on site at the school -- no transportation necessary! Please check out the “Class Details” for more information!
