

Dear Parents,

In the spirit of keeping all parents informed about potential changes and issues impacting charter schools, PCK has joined an organization called the Alliance of Douglas County Charter Schools. The Alliance is supported by the Colorado League of Charter Schools and serves as a vehicle for all Douglas County charter schools to speak with one unified voice when advocating for charter school needs. Charters now comprise over 21% of the students in DCSD schools, and having a unified voice on charter-specific issues is important for the long-term health and viability of all charter schools within the district.

In order to keep all charter parents in the loop, the League of Charter Schools, along with the Alliance of Douglas County Charter Schools, would like your permission to periodically send information to you via email. You can indicate your permission by clicking [this link](#) or texting "TheAlliance" to 52886 and completing the very brief information you are prompted for. The more charter parents are 'in the know' about issues affecting charter schools, the more proactive we can be and the better it is for our school. Furthermore, if you would like to become more involved in advocating for charter school needs within our district or state, please contact the Alliance of Douglas County Charter Schools at info@dougcoalliance.org.

Thank you for supporting Douglas County charters!
